

In the following passage there are blanks, each of which has been denoted by a letter. For each blank, five options are given. Choose the most appropriate word from the options that fits the blank appropriately.

Corporate marketing is a crucial aspect of any business strategy, as it helps companies develop and maintain a strong brand identity. The primary goal of corporate marketing is to (A) the company's position in the market. A key element of this process is understanding consumer behavior, which allows businesses to create effective (B) . A successful corporate marketing strategy often includes various components, such as social media campaigns, (C) promotions, and influencer partnerships.

To stay competitive, companies must constantly assess their (D) to market trends and consumer preferences. One of the most significant challenges in corporate marketing is (E) how to engage with new markets while maintaining loyalty from existing customers. Effective use of technology, particularly data analytics, has become an essential tool for (F) customer insights and improving marketing outcomes.

Question 1

Which of the following word best fits in blank (A)?

- (1) establish
- (2) confuse
- (3) undermine
- (4) delay
- (5) grate

Question 2

Which of the following word best fits in blank (B)?

- (1) embodies
- (2) advertisements
- (3) purchases
- (4) sales
- (5) proximities

Question 3

Which of the following word best fits in blank (C)?

- (1) trivial
- (2) globally
- (3) emergency

- (4) random
 - (5) strategic
-

Question 4

Which of the following word best fits in blank (D)?

- (1) converse
 - (2) response
 - (3) avoidance
 - (4) rejection
 - (5) reimpose
-

Question 5

Which of the following word best fits in blank (E)?

- (1) diminishing
 - (2) sinking
 - (3) assuring
 - (4) predicting
 - (5) optimizing
-

Question 6

Which of the following word best fits in blank (F)?

- (1) alarming
 - (2) browsing
 - (3) rejecting
 - (4) reducing
 - (5) analyzing
-

Choose the option that best replaces the highlighted phrase to make the sentence grammatically correct and contextually meaningful. If no correction is required, select the option "No correction required" as your answer.

Question 7

A man lost his life, and his co-worker was injured **after thrashed** by their employer.

- (1) after being thrashed
- (2) after having thrashed

- (3) after been thrashed
 - (4) after thrashed being
 - (5) No correction required
-

Question 8

As a **complement** for his hard work, the company gave him a thoughtful token of appreciation and gratitude.

- (1) a compliment of
 - (2) a complement to
 - (3) a compliment for
 - (4) a compliment about
 - (5) No correction required
-

Question 9

The jewellery and other valuable assets **was keep safe** in a secure locker to prevent any theft.

- (1) was kept safe
 - (2) were kept safe
 - (3) were keep safe
 - (4) was keeping safe
 - (5) No correction required
-

In each of the following questions, a sentence has been divided into five parts which might not be in their correct order of narrative. The sentence is then followed by five options, one of which gives the sequence of the rearranged parts to make the sentence meaningful. You must choose the option which gives the correct sequence of the parts. If the sentence is already arranged in the correct sequence or the correct sequence doesn't match with any of the given sequence, mark option "No rearrangement required" as your answer.

Question 10

- (A) succeed in business is by
- (B) having cordial relationships
- (C) with your customers
- (D) the only way you can

- (1) DCBA
- (2) BCAD

- (3) DABC
 - (4) BACD
 - (5) No rearrangement required
-

Question 11

- (A) order for diversion
 - (B) no work on forest
 - (C) competent authority's
 - (D) land can begin without the
-
- (1) DBCA
 - (2) DACB
 - (3) BACD
 - (4) BDCA
 - (5) No rearrangement required
-

In each of the following questions, four words are given in bold. These four words may or may not be in their correct position. The sentence is then followed by options with the correct combination of words that should be interchanged with each other to make the sentence grammatically and contextually correct. Find the correct combination of the words that should replace each other.

Question 12

The **loans** (A) shortage affecting **cuts** (B) will delay interest rate **banks** (C), slow down credit growth, and require actions to make **cash** (D) cheaper.

- (1) (A) – (D)
 - (2) (B) – (C)
 - (3) (A) – (D) and (B) – (C)
 - (4) (A) – (C) and (B) – (D)
 - (5) No interchange required
-

Question 13

India's **recovery** (A) watchdog has cleared stricter penalty **competition** (B) rules to prevent **delaying** (C) parties from **erring** (D) payments.

- (1) (A) – (B)
- (2) (B) – (C)
- (3) (A) – (B) and (C) – (D)

(4) (A) – (C) and (B) – (D)

(5) No interchange required

Question 14

Both **consumers** (A) said India remains a value market, with **companies** (B) buying **cheaper** (C) oral care and beauty products **infrequently** (D).

(1) (A) – (C)

(2) (B) – (C)

(3) (A) – (B) and (C) – (D)

(4) (A) – (B)

(5) No interchange required

Read the passage carefully and answer the following questions.

Once upon a time, in a quaint village nestled between rolling hills, lived a young girl named Meera and her father, Raghav. They owned a 5-hectare piece of land, untouched and fertile, waiting for life to bloom upon it. Unlike the other villagers who grew the same **sorts** of crops year after year, exhausting the soil, Meera and her father dreamt of cultivating their land differently. They envisioned vibrant fields of diverse crops that would nourish the earth and bring prosperity.

However, their vision was met with skepticism. The villagers scoffed at the idea, saying, “Why change what has always worked? Stick to the usual sorts of crops. It’s risky to experiment!” But Meera and Raghav were determined. They constructed a water source at the far end of their field, ensuring a reliable supply, and began to work tirelessly, learning about crop diversification and sustainable farming practices.

As seasons passed, their land turned into a thriving patchwork of colors — golden grains swayed next to lush green vegetables, _____ vibrant flowers danced under the sun. The water percolated through the soil, keeping the crops nourished even during dry spells. Their success didn’t go unnoticed. Curious villagers began to gather, watching Meera and her father **conduct** their daily tasks with care and precision. They witnessed how the diversified crops improved the soil’s health and increased yields.

Inspired by their journey, Meera founded an organization called “Harit Bhoomi” (Green Earth) to educate farmers about crop diversification. She conducted workshops under the old banyan tree, explaining the importance of rotating different sorts of crops to maintain soil fertility. She even showed them how water, when managed properly, could percolate efficiently, conserving resources.

At first, only a few attended, but as word spread of Meera’s successful harvests, more villagers came, eager to learn. They realized that her methods were not just innovative but also sustainable. In time, the village transformed, with fields bursting with different sorts of produce, enriching both the land and the people’s lives.

Meera and Raghav's dream had not only come true but had also inspired a whole community to embrace change and growth. And under the shade of that banyan tree, surrounded by hopeful farmers, Meera knew that her journey was just beginning, as ideas continued to **well** from her mind like a spring of inspiration.

Question 15

Which of the following is a synonym for 'sorts' as used in the passage?

- (1) varieties
 - (2) manure
 - (3) harvest
 - (4) genes
 - (5) mixture
-

Question 16

Which of the following is the most appropriate antonym for the word 'conduct'?

- (1) scatter
 - (2) believe
 - (3) halt
 - (4) destroy
 - (5) complicate
-

Question 17

Which of the following statements is CORRECT according to the passage?

- I. Meera and Raghav followed the traditional methods of farming like other villagers.
- II. Meera founded an organization to educate farmers about sustainable farming practices.
- III. The villagers were successful in maintaining soil fertility with their usual crops.

- (1) Only I
 - (2) Both I and II
 - (3) Only III
 - (4) Only II
 - (5) All I, II, III
-

Question 18

What did Meera and Raghav practice to maintain soil fertility?

- (1) Monocropping
 - (2) Irrigation
 - (3) Hybrid seeds
 - (4) Pesticides
 - (5) Crop rotation
-

Question 19

Which of the following words best fits the blank in the passage?

- (1) although
 - (2) since
 - (3) because
 - (4) while
 - (5) unless
-

Question 20

Which of the following is the most appropriate synonym for the word ‘well’?

- (1) inculcate
 - (2) overflow
 - (3) came
 - (4) arise
 - (5) reduce
-

Question 21

Why did the villagers initially doubt Meera and Raghav’s farming methods?

- (1) They believed crop rotation was too expensive.
 - (2) They were concerned about the reliability of the water source.
 - (3) They thought experimenting with different crops was risky.
 - (4) They were unfamiliar with irrigation techniques.
 - (5) They preferred chemical pesticides for better yield.
-

Question 22

Which of the following best describes the transformation observed in the village due to Meera and Raghav's efforts?

- (1) Increased dependency on chemical fertilizers
 - (2) Uniform cultivation of a single high-yield crop
 - (3) Migration of villagers to urban areas for better opportunities
 - (4) Decline in soil fertility due to over-exploitation
 - (5) Diverse and abundant produce enriching both land and community
-

Question 23

What does the last paragraph primarily convey about Meera's journey?

- (1) She achieved her dream and focused on maintaining her success.
 - (2) She inspired community growth while continuing to explore new ideas.
 - (3) Her methods were successful, leading to widespread acceptance without challenges.
 - (4) She shifted her focus from farming to education, leaving cultivation behind.
 - (5) She fulfilled her vision but became less involved as the community took over.
-

A word has been given in each question and has been used in the sentences given below. Identify the statements where the word has been used in a correct manner. If the word has been used correctly in all the statements, mark "All are correct" as your answer.

Question 24

Hone

- I. The artist continued to **hone** his craft, experimenting with his palette to create mesmerizing masterpieces.
- II. To meet the growing demand, professionals must **hone** their soft skills, such as communication and problem-solving.
- III. By leveraging his talent, he managed to **hone** a successful firm that consistently generated substantial profit.

- (1) Only (III)
 - (2) Both (I) & (II)
 - (3) Both (II) & (III)
 - (4) Only (II)
 - (5) All are correct
-

Question 25

Novel

- I. The **novel** idea was praised by everyone, as it was the same one they had heard many times before.
- II. Her **novel** approach revealed rare wisdom beyond her years and experience.
- III. The **novel** disease continues to mutate, challenging scientists to find effective treatments.

- (1) Both (I) & (III)
 - (2) Only (I)
 - (3) Both (II) & (III)
 - (4) Only (II)
 - (5) All are correct
-

Read each of the following four sentences to find out whether there is any grammatical mistake/error in it. Choose the sentence with no grammatical error as the correct answer. If all the given sentences are grammatically incorrect, choose option "None are correct" as your answer.

Question 26

- (1) The Yamuna river swells up during the monsoon and deposit silt in the riverbed.
 - (2) No bus system in India offer adequate transit information.
 - (3) Rescue operations have been severely hampered by continuous water ingress.
 - (4) He lauded the increase participation of women in different sectors.
 - (5) None are correct
-

Question 27

- (1) There will be no gushing of water and mud from the open whole on the roof.
 - (2) We have warm but windy weather, perfect for viewing bright screens outside.
 - (3) The cyclic return to bloom gives our unstable world a sense of console predictability.
 - (4) And huge development on the banks is a folly, some may be hard to remove.
 - (5) None are correct
-

Question 28

- (1) The suspect appear in court yesterday to face the charges.
- (2) The contractor, along with two of his associates, demand prompt payment today.

- (3) The company hold a meeting yesterday to discuss the new marketing strategy.
 - (4) After hearty breakfast of dosa, he felt energized for the day.
 - (5) None are correct
-

Question 29

- (1) Much startups began in humble Silicon Valley garages, revolutionizing the tech industry.
 - (2) She faced allegations for possible foreign interference in her leadership decisions.
 - (3) The catch had brilliantly taken by Richa Ghosh behind the stumps in the back.
 - (4) With a growing emphasis on stress management, workplaces are adopting mindfulness practices.
 - (5) None are correct
-

Question 30

In the sentence given below, four words have been highlighted which may be misspelt or inappropriate in their usage. Mark the erroneous word as the answer and if all the words are correct in their spellings and usage, choose 'All are correct' as the answer.

The incident **occurred** due to his **absence**, making it difficult to **immitate** his approach to **address** issues.

- (1) occurred
 - (2) absence
 - (3) immitate
 - (4) address
 - (5) All are correct
-

Read the information carefully and answer the questions given below.

X and Y invested Rs. 8000 and Rs. 12000 respectively in a business. After six months, Y left the business and X reduced his initial investment by Rs. P .

Question 31

At the end of a year, the profit of X is 25% more than Y, then find the value of P .

- (1) 2500
- (2) 2000
- (3) 1500
- (4) 500
- (5) 1000

Question 32

If the ratio of the profit share of Y to X is 12 : 13, then find the value of $P + 500$.

- (1) 3500
- (2) 2500
- (3) 1200
- (4) 3000
- (5) 2000

Question 33

At the end of a year, the profit share of X is Rs. 700 out of total profit of Rs. 1500, then find the value of $\frac{P}{2}$.

- (1) 3550
- (2) 2550
- (3) 1250
- (4) 3250
- (5) 2750

Question 34

What will come in the place of ‘?’ mark in the following question?

$$24 - \sqrt[3]{(?) + 40\% \text{ of } 80} = 300 \times 2$$

- (1) 8
- (2) 64

- (3) 512
 - (4) 216
 - (5) None of these
-

Question 35

What will come in the place of ‘?’ mark in the following question?

$$48\% \text{ of } 900 + 20\% \text{ of } ? = 133 \times 4$$

- (1) 1000
 - (2) 600
 - (3) 300
 - (4) 500
 - (5) 400
-

Question 36

What will come in the place of ‘?’ mark in the following question?

$$(19 \times 7 + 36 \div 6) - \sqrt{361} = ? \times 5$$

- (1) 16
 - (2) 24
 - (3) 12
 - (4) 30
 - (5) 8
-

Question 37

What will come in the place of ‘?’ mark in the following question?

$$19^2 + 60\% \text{ of } 180 = 440 + ?$$

- (1) 19
 - (2) 29
 - (3) 27
 - (4) 33
 - (5) 37
-

Question 38

What will come in the place of ‘?’ mark in the following question?

$$\frac{175}{13} \times \frac{143}{25} + 13^2 = ?$$

- (1) 236
 - (2) 256
 - (3) 248
 - (4) 242
 - (5) 246
-

Question 39

What will come in the place of ‘?’ mark in the following question?

$$?^2 + 112 - (12 \times 5 + 24) = 172$$

- (1) 18
 - (2) 16
 - (3) 14
 - (4) 8
 - (5) 12
-

Question 40

What will come in the place of ‘?’ mark in the following question?

$$\frac{38}{9} + \frac{41}{18} - 3\frac{1}{27} = ?$$

- (1) $2\frac{25}{54}$
 - (2) $4\frac{25}{54}$
 - (3) $3\frac{25}{54}$
 - (4) $1\frac{25}{54}$
 - (5) $3\frac{23}{54}$
-

Question 41

What will come in the place of ‘?’ mark in the following question?

$$? + (13 \times 5) \times \sqrt{196} = 55\% \text{ of } 200$$

- (1) 800
- (2) -800
- (3) 700

(4) -700

(5) -760

Question 42

A girl spends 20% of her monthly income on rent, out of remaining she spends 25% on food and 20% on makeup. The difference between amount spent by the girl on food and makeup is Rs. 1920. Find the monthly income of the girl (in Rs.).

(1) 72000

(2) 60000

(3) 30000

(4) 48000

(5) 36000

Question 43

A man invested Rs. x in two different schemes A and B in the ratio of 3 : 7. Scheme A offers simple interest at rate of 8% p.a. and scheme B offers simple interest at rate of 12% p.a. After four years, the man received Rs. 6480 as interest, then find the value of x (in Rs.).

(1) 7500

(2) 6000

(3) 10000

(4) 15000

(5) 20000

Question 44

The length of a rectangle is equal to the base of a right-angled triangle and the breadth of the rectangle is 24 cm. If the area of the rectangle is 720 cm^2 and the ratio of height to base of the right-angled triangle is 6 : 5, then find the area of the triangle (in cm^2).

(1) 840

(2) 720

(3) 360

(4) 540

(5) 960

Question 45

A man invested Rs. 4000 at rate of $x\%$ p.a. on simple interest for two years in scheme A and the amount obtained is invested at 10% p.a. on simple interest for two years in scheme B. If man received interest of Rs. 1040 from scheme B, then find the value of x .

- (1) 8
 - (2) 20
 - (3) 10
 - (4) 15
 - (5) 12
-

Question 46

Four years ago, the ratio of age of A to that of C was 3 : 4 and A is 4 years younger than C. Find the age of C five years hence (in years).

- (1) 20
 - (2) 16
 - (3) 30
 - (4) 25
 - (5) 27
-

Question 47

A vessel contains 120 l mixture of milk and water in the ratio of 2 : 1. 30 l mixture is taken out from the vessel and 10 l pure milk is added in the remaining mixture. Find the ratio of milk to water in resultant mixture.

- (1) 8 : 3
 - (2) 6 : 5
 - (3) 7 : 3
 - (4) 7 : 2
 - (5) 5 : 2
-

Question 48

The speed of train P is $72 \text{ km} \cdot \text{h}^{-1}$ can cross a pole in 10 s. The length of train Q is 180 m more than that of train P. If speed of train Q is $36 \text{ km} \cdot \text{h}^{-1}$, then find the time taken by train Q to cross 100 m long bridge (in seconds).

- (1) 120
- (2) 90
- (3) 50
- (4) 48
- (5) 80

The table given below shows total number of pens and books sold by five shops. Read the data carefully and answer the questions given below.

Shops	Number of pens sold	Number of books sold
A	84	100
B	120	120
C	90	96
D	60	50
E	110	64

Question 49

Find the ratio of number of pens sold by A and D together to number of books sold by B and E together.

- (1) 18 : 23
- (2) 23 : 18
- (3) 2 : 3
- (4) 21 : 22
- (5) 23 : 24

Question 50

The number of pens sold by C and D together is what percentage of number of books sold by A?

- (1) 250%
- (2) 120%
- (3) 50%
- (4) 150%
- (5) 100%

Question 51

Find the difference between average number of pens and average number of books sold by all the shopkeeper.

- (1) 6.8
- (2) 8.1
- (3) 6.9
- (4) 7
- (5) 6

Question 52

If pen sold by F is 20% more than books sold by B and books sold by F is 30% less than pens sold by C, then find the total number of pens and books sold by F.

- (1) 207
 - (2) 120
 - (3) 205
 - (4) 101
 - (5) 201
-

Question 53

If 20% of the pens are unsold by B, then find the unsold pens by B is what percentage of double the number of books sold by D?

- (1) 40%
 - (2) 100%
 - (3) 120%
 - (4) 30%
 - (5) 50%
-

The bar graph given below shows number of male and female working in four different factories. Read the data carefully and answer the questions given below.

Question 54

The average number of males working in A and B is what percentage of females working in D?

- (1) 77%
- (2) 66.66%
- (3) 120%

(4) 30%

(5) 50%

Question 55

The ratio of total number of males working in B and D together and total number of females working in all the factories.

(1) 10 : 31

(2) 23 : 18

(3) 2 : 3

(4) 21 : 22

(5) 23 : 24

Question 56

If number of males working in E is $\frac{1}{4}$ th of females working in B, then male working in E is what percentage more or less than the difference between male and female working in A?

(1) 40%

(2) 66.66%

(3) 120%

(4) 30%

(5) 50%

Question 57

If 25% of males working for four hours and rest of the males working for five hours, then find the total work done by male in factory C (in unit).

(1) 456

(2) 420

(3) 405

(4) 401

(5) 501

Question 58

Find the difference between males working in B and C together and average number of females working in C and D.

(1) 68

(2) 76

- (3) 69
 - (4) 72
 - (5) 61
-

Question 59

A boat takes 6 h to cover a distance of 90 km downstream and in still water the boat takes 4 h more to cover same distance. Find the time taken by boat to cover the distance of 36 km upstream.

- (1) 10 h
 - (2) 12 h
 - (3) 6 h
 - (4) 3 h
 - (5) 15 h
-

Question 60

A and B started a business with investments of Rs. x and Rs. $(x + 800)$ respectively. After eight months, A withdrew Rs. 1200. At the end of the year, the ratio of profit received by A to that of B is 3 : 4. Find the value of x .

- (1) 5000
 - (2) 3000
 - (3) 1500
 - (4) 2000
 - (5) 4000
-

Question 61

The ratio of A to that of B is 3 : 4 and the average of A , B and C is 40. If average of A and B is 35, then find the value of C .

- (1) 30
 - (2) 40
 - (3) 50
 - (4) 60
 - (5) 20
-

Question 62

Varun spends 30% of his monthly income on food and 10% of the remaining on transport. If the difference between the amount spends on food and transport is Rs. 9200, then find the monthly income of Varun (in Rs.).

- (1) 60000
 - (2) 40000
 - (3) 30000
 - (4) 36000
 - (5) 20000
-

Question 63

A alone can complete a work in 60 days, and B alone can do the same work in 40 days. A and B together started the work and after 16 days, B left the work. How many days A alone can complete the remaining work?

- (1) 13.33 days
 - (2) 24 days
 - (3) 20 days
 - (4) 15 days
 - (5) 25 days
-

Question 64

There are five consecutive even numbers. The sum of first and last numbers is 24. If smallest number from three consecutive odd numbers is 13 more than smallest even number, then find the highest odd number.

- (1) 27
 - (2) 21
 - (3) 23
 - (4) 25
 - (5) 29
-

Question 65

A shopkeeper marked up the price of an article by 40% above its cost price and gives a discount of 20%. If the selling price of the article is Rs. 672, then find the cost price of the article (in Rs.).

- (1) 840
 - (2) 620
 - (3) 600
 - (4) 1120
 - (5) 720
-

Study the following information carefully and answer the questions given below.

Eight boxes, i.e., P, Q, R, S, T, U, V, and W, are kept one above the other but not necessarily in the same order.

One box is kept between Box Q and Box U. Two boxes are kept between Box U and Box W. Box W and Box Q are not kept adjacent to each other. One box is kept between Box P and Box S. Box S is kept below Box P. More than two boxes are kept below Box S. Box P is kept above Box Q. More than one box is placed above Box W. Box R is kept immediately above Box V. Box W, which is not in the bottom-most position.

Question 66

How many boxes are kept above Box S?

- (1) Two
- (2) One
- (3) Three
- (4) Four
- (5) None of these

Question 67

Which among the following boxes is kept just above Box R?

- (1) Box T
- (2) Box U
- (3) Box V
- (4) Box S
- (5) None of these

Question 68

How many boxes are kept between Box W and the box which is kept just below Box U?

- (1) Two
- (2) Three
- (3) One
- (4) None
- (5) None of these

Question 69

Which of the following statement(s) is/are true?

- (1) One box is kept above Box T
 - (2) Two boxes are kept between Box Q and Box V
 - (3) Box V is kept just above Box W
 - (4) More than two boxes are kept between Box V and Box S
 - (5) All are true
-

Question 70

If all boxes are arranged according to alphabetical order from top to bottom, then how many boxes remain unchanged?

- (1) More than three
 - (2) Two
 - (3) Three
 - (4) One
 - (5) None of these
-

In each of the questions below some statements are given followed by two conclusions. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

Question 71

Statements:

- I. Only a few Note is Pain.
- II. Some Ball is Pain.
- III. No Pain is Net.

Conclusions:

- I. Some Net is Note.
 - II. No Note is Net.
-
- (1) If only conclusion I follows
 - (2) If only conclusion II follows
 - (3) If either conclusion I or II follows
 - (4) If neither conclusion I nor II follows
 - (5) If both conclusions I and II follow

Question 72

Statements:

- I. Only a few Train is Ven.
- II. All Ven is Jack.
- III. Some Jack is not Train.

Conclusions:

- I. All Train can be Jack.
- II. Some Ven is not Train.

- (1) If only conclusion I follows
- (2) If only conclusion II follows
- (3) If either conclusion I or II follows
- (4) If neither conclusion I nor II follows
- (5) If both conclusions I and II follow

Question 73

Statements:

- I. A few Day is Shift.
- II. No Shift is Exam.
- III. All Exam is Near.

Conclusions:

- I. All Shift can be Near.
- II. Some Exam can be Day.

- (1) If only conclusion I follows
- (2) If only conclusion II follows
- (3) If either conclusion I or II follows
- (4) If neither conclusion I nor II follows
- (5) If both conclusions I and II follow

Question 74

Find the odd one out.

- (1) PUS
- (2) DIG
- (3) LRO

(4) QVT

(5) MRP

Study the following information carefully and answer the questions given below.

A certain number of people sit in row face to the north. P is the only immediate neighbour of O. Three people sit between S and P. There are as many people sitting between O and S is half as between K and S. More than four people sit between O and K. The number of people sit between L and K is three less than the number of people sitting between S and L. T sits 3rd to the left of L. G is 5th from an extreme end and sits to the immediate left of L.

Question 75

How many people sit between S and K?

(1) 2

(2) 3

(3) 4

(4) 5

(5) 8

Question 76

Who sits exactly in the middle of the row?

(1) L

(2) The one who sits just left of T

(3) P

(4) S

(5) Cannot be determined

Question 77

What is the total number of people sitting in the row?

(1) 13

(2) 14

(3) 15

(4) 16

(5) 11

Question 78

What is the position of G with respect to S?

- (1) 2nd to the left
 - (2) 3rd to the right
 - (3) 3rd to the left
 - (4) Immediate left
 - (5) None of these
-

Study the following information carefully and answer the questions given below.

A family has 8 members A, B, C, D, E, F, G, and H, and there are three generations in the family.

D is the husband of B and is the only brother of E. A is the only grandson of F. D is the son-in-law of G. C is the mother of E. The gender of G and A is different. B is not F's child. E is the aunt of H. A is not the child of E.

Question 79

How is H related to D?

- (1) Son-in-law
 - (2) Mother-in-law
 - (3) Father-in-law
 - (4) Daughter
 - (5) Mother
-

Question 80

How is B related to C?

- (1) Niece
 - (2) Daughter-in-law
 - (3) Father
 - (4) Son
 - (5) Can't be determined
-

Question 81

Four of the following five are alike in a certain way and hence form a group. Which of the following does not belong to that group?

- (1) G
- (2) C

- (3) F
 - (4) H
 - (5) E
-

Study the following information carefully and answer the questions given below.

Eight people G, K, L, M, W, X, Y, and Z are living in a four-story building such that the ground floor is numbered as 1, above it is floor 2, and the topmost floor is numbered as 4. Each of the floors has 2 flats in it as flat-X and flat-Y. Flat-X of floor-2 is immediately above flat-X of floor-1 and immediately below flat-X of floor-3 and so on. In the same way, flat-Y of floor-2 is immediately above flat-Y of floor-1 and immediately below flat-Y of floor-3 and so on. Flat-X is in the west of flat-Y.

Y lives two floors above X in the same named flat. X does not live on the odd-numbered floor. L lives to the west of the person who lives just below K in the same named flat. K and X do not live on the same floor. One floor gap is between W and Z. W and X do not live in the same named flat. Z does not live on the first floor. Z and K live on different floors. M lives above G.

Question 82

Who among the following people lives in flat Y?

- (1) L
 - (2) X
 - (3) Y
 - (4) G
 - (5) Z
-

Question 83

Who among the following people lives just above W in the same named flat?

- (1) Y
 - (2) L
 - (3) M
 - (4) G
 - (5) None of these
-

Question 84

If all the people who live in flat X are arranged in alphabetical order from top to bottom, then how many people remain unchanged in flat X?

- (1) Two
- (2) Three

- (3) None
 - (4) One
 - (5) None of these
-

Question 85

How many people live above M in the same named flat?

- (1) Three
 - (2) None
 - (3) One
 - (4) Two
 - (5) None of these
-

Question 86

Who among the following people lives in the east of Y?

- (1) L
 - (2) K
 - (3) X
 - (4) G
 - (5) None of these
-

In these questions, the relationship between different elements is shown in the statements. The statements are followed by conclusions. Study the conclusions based on the given statement and select the appropriate answer.

Question 87

Statement:

I. $7 > 2 = 4 < 6 \geq 8 > 1 \leq 3$

Conclusions:

- I. $7 > 8$
- II. $1 < 6$

- (1) If only conclusion I is true
- (2) If only conclusion II is true
- (3) If either conclusion I or II is true
- (4) If neither conclusion I nor II is true
- (5) If both conclusions I and II are true

Question 88

Statement:

$$\text{I. } X < Y = Z \geq W > V \leq U < T$$

Conclusions:

$$\text{I. } Y < V$$

$$\text{II. } Z \geq V$$

- (1) If only conclusion I is true
- (2) If neither conclusion I nor II is true
- (3) If only conclusion II is true
- (4) If both conclusions I and II are true
- (5) If either conclusion I or II is true

Question 89

Statement:

$$\text{I. } M \geq N = O < P \leq Q = R \geq S$$

Conclusions:

$$\text{I. } O > R$$

$$\text{II. } O < R$$

- (1) If either conclusion I or II is true
- (2) If neither conclusion I nor II is true
- (3) If only conclusion I is true
- (4) If both conclusions I and II are true
- (5) If only conclusion II is true

Question 90

Statement:

$$\text{I. } C > D = E \leq F < G > H \geq I$$

Conclusions:

$$\text{I. } C > G$$

$$\text{II. } H = E$$

- (1) If either conclusion I or II is true
- (2) If neither conclusion I nor II is true

- (3) If both conclusions I and II are true
 - (4) If only conclusion I is true
 - (5) If only conclusion II is true
-

Question 91

How many such pairs of letters are there in the word 'EXORISN', each of which has as many letters between them as they have in the English alphabetical series (both forward and backward direction)?

- (1) One
 - (2) Three
 - (3) None
 - (4) Two
 - (5) None of these
-

Study the following number series carefully and answer the questions given below.

9 3 6 8 4 2 7 5 1 8 3 2 6 7 9 4 5 1 7 8 2 3 6 9 5

Question 92

How many even digits are there in the given series, each of which is immediately preceded and immediately succeeded by an odd digit?

- (1) Two
 - (2) One
 - (3) Three
 - (4) None
 - (5) More than three
-

Question 93

What is the sum of the prime numbers are there in the given series?

- (1) 47
- (2) 51
- (3) 41
- (4) 49
- (5) None of the above

Question 94

If all the even numbers are removed from the given series, then which of the following numbers is tenth from the right end?

- (1) 6
 - (2) 8
 - (3) 2
 - (4) 4
 - (5) 1
-

Question 95

Which of the following number is exactly between the numbers which are 3rd from the right end and 11th from the left end in the given series?

- (1) 5
 - (2) 6
 - (3) 4
 - (4) 7
 - (5) None
-

Study the following information carefully and answer the questions given below.

Eight people from P to W sit in a row but not necessarily in the same order such that all of them face north. More than five people sit to the left of P. Three people sit between P and S, who sits immediate right of R. Two people sit between R and U. V sits 3rd to the right of U. The number of people sitting between S and V is less than the number of people sitting to the left of T. W sits adjacent to R.

Question 96

How many persons sit between T and P?

- (1) Three
 - (2) One
 - (3) None
 - (4) Two
 - (5) None of these
-

Question 97

Who sits 2nd to the right of R?

- (1) T
 - (2) V
 - (3) W
 - (4) P
 - (5) None of these
-

Question 98

Four of the following five are alike in a certain way and form a group. Who among the following doesn't belong to that group?

- (1) U
 - (2) Q
 - (3) S
 - (4) W
 - (5) T
-

Question 99

What is the position of V with respect to S?

- (1) 5th to the right
 - (2) 3rd to the right
 - (3) 3rd to the left
 - (4) 2nd to the left
 - (5) Can't be determined
-

Question 100

The number of people sitting to the left of _____ is the same as the number of people sitting to the right of _____ .

- (1) W, P
 - (2) Q, V
 - (3) W, V
 - (4) R, U
 - (5) S, V
-
